Curriculum you can trust.
Growth you can measure.
Results that last forever.

Strong Curriculum® builds stronger churches through teaching all Scripture to produce spiritually mature believers who measure up to the stature of Christ.

Spiritual maturity isn't an abstract, unmeasurable idea. In fact, measuring spiritual growth is a Biblical concept. Ephesians 4:13 instructs us to grow spiritually into "the measure of the stature of the fullness of Christ." The measuring stick is Christlikeness.

Strong Curriculum follows the seven teaching aims leading to Christlikeness and uses the robust measuring tools laid out in *Strong Church: Building and Measuring Mature Disciples* (p. 23).

Throughout this catalog you will find icons indicating the aims in which you should primarily see measurable growth for that quarter. Each teacher guide contains these icons along with some measuring sticks to help you effectively teach and achieve measurable results. The take-home papers and other resources include ways for parents to both gauge and encourage their child's spiritual growth.

Successful businesses today have means of measuring the growth of their products and their companies overall. We can do no less in our most important "business" of helping students reach "the measure of the stature of the fullness of Christ."

STRONG[®]

STUDENTS

Students today face a world weak on truth and full of shifting values. Students are surrounded by multitudes of philosophies vying for their attention and inundating them with endless information, making it crucial for your church to equip students with a strong, trustworthy message. In introducing Strong Students, RBP provides you with that strong curriculum that's grounded in God's Word and focused on life application. Now more than ever, it's time to be strong.

A PLAN YOU CAN TRUST

We believe the Bible has the answers to what students need most. No other book or philosophy contains God's power to save and transform lives. Because of this, we've made it our unwavering commitment to build Strong Students upon the sure foundation of God's Word. With this curriculum, your church can develop teens who will be strong defenders of the faith.

The Strong Students scope and sequence is designed around the seven teaching aims Jesus modeled in His ministry. (See page 7.) Since these are Jesus' aims, teachers can be confident in the aims' effectiveness and purpose. Every lesson in the Strong Students scope and sequence addresses at least one of Jesus' teaching aims.

Every lesson also addresses students' needs. We understand the challenge of teaching the Bible to today's teens because of four barriers culture has pushed on them:

- Struggles with identity
- Subjective view of truth
- Hope in a social utopia
- Belief that a career and wealth guarantee happiness

Strong Students takes care of the tough part for you by striking at the foundation of these barriers and providing a Biblical response to each one. With Strong Students, you can concentrate on communicating to your teens and helping them grow into strong believers in Christ without worrying whether you are effectively addressing the philosophies competing for their minds.

GROWTH YOU CAN MEASURE

Each Strong Students lesson includes an opportunity for your teens to measure their lives against God's truth and learn to grow stronger. In addition, this new curriculum connects the classroom with the home through a resource that directly involves parents and helps them measure their teens' spiritual growth.

RESULTS THAT LAST FOREVER

No curriculum would be complete without showing students the eternal impact of trusting Christ and following Him. Strong Students is forward focused to remind teens that the decisions they make now will affect them for eternity. Students will learn not only about the gospel and its implications for their lives today but also about the end times and how they themselves fit into God's end-time plans.

Students will gain a clearer understanding of why their lives are important and why living for Christ today is worthwhile. Instead of waiting to get to Heaven to realize how important it is to glorify God with their lives, students will learn how they can live now in the most glorifying way possible.

Strong Students strengthens teens so that when the chaos of the world closes in and truth is being redefined, they're better equipped to stand for truth. This is a Sunday School curriculum you can use with confidence.

ESSENTIALS FOR BUILDING STRONG STUDENTS

JESUS' SEVEN TEACHING AIMS

Believe the gospel.

Jesus taught His students to trust in Him alone for salvation and to share the gospel with others. This aim is obviously fundamental to all the rest.

Understand Biblical ethics.

Jesus instructed His students to live according to moral values. These values provided them with the tools to make wise decisions.

Internalize godliness.

Jesus taught His followers to be godly on the inside. He warned them not to become like the Pharisees, with a mere outward appearance of godliness.

Learn doctrine.

Jesus knew the importance of teaching His students the truth and identified doctrine as one of the means for spiritual growth. Wishy-washy doctrine leads to faulty practice.

Develop life skills.

Jesus taught His followers to meet life's challenges in a way that honored and glorified God. He gave them the skills to navigate those challenges successfully.

Uplift others.

Jesus' life was all about others. Leading by example, He taught His followers to be all about others too.

Prepare to serve.

Jesus prepared His followers to serve in the context of local churches that were established soon after His ascension. He emphasized sacrifice and dedication.

Strong Students builds on Strong Kids by standing on the whole-Bible emphasis that Strong Kids establishes before students enter middle school. With a firm foundation laid, Strong Students provides a robust mix of courses to minister to teens through God's Word.

Bible Survey

God's Word isn't a bunch of disconnected stories that teach us how to live. God's Word is a cohesive message that tells the historical and prophetic record of God's plan for His Creation. Every part of the Bible plays an integral role in filling out this message. Strong Students gives each teen a comprehensive view of God's total plan. That's why the scope and sequences for both middle and high school include a survey of the whole Bible. With Strong Students, every student will know God's plan.

Book Studies

The books of the Bible are pieces that, when put together, form the Bible's full message. Each book serves a purpose and has a unique background and context, so it's important for students to study the individual books. Students will learn each book's powerful message from God.

Theological Studies

Theology refers to what we understand about God and His Creation. Since our theology affects our understanding of Who Christ is and where we will spend eternity, it's vital for students to get theology right. Strong Students takes this belief seriously and includes detailed exposure of the Bible's theology by organizing the Bible's material by topic. Teens will form a thorough understanding of what the Bible teaches on its most important topics.

Hermeneutics

Many people around the world read the Bible, yet they come to many different conclusions about what it says. The problem isn't with the Bible. It's with their interpretation of the Bible—their hermeneutics. Interpreting the Bible correctly is a must, and that's why Strong Students equips teens with the basic principles of hermeneutics. As students work through the curriculum, they won't just learn information to absorb right now; they will be given the keys to unlock the Bible's message for the rest of their lives.

Apologetics

Students are growing up in a world of skepticism. Everywhere they turn they see attacks against the Bible's reliability, Biblical origins, and belief in God. Many students simply do not know how to answer skeptics. In Strong Students, apologetics—defending the truths of the Christian faith—has been fused into the fiber of the curriculum. Students will examine current issues, competing belief systems, the problem of evil, and more. No longer will students feel helpless before skeptics. With Strong Students, teens will discover answers to the toughest questions about their faith.

Churches today have a tremendous opportunity to reach teens with God's Word. When they are exposed to the power of God's Word, their hearts become fertile soil for absorbing Biblical truth. Strong Students curriculum provides unfiltered Bible truth teens need that will change their lives.

DAILY DEVOS

Kids4Truth Clubs Daily Devos

New episode every day!

It's all about God! We want to help your family grow spiritually each day of the week by providing devotions that discuss the attributes of God. The devotions complement the Kids4Truth Clubs curriculum but can be used for standalone discipleship. Great for all ages, these devotions are written especially for families. So gather together and listen to devos about God!

Truth in Real Life Moments

New episode every week!

Truth isn't an abstract idea. *Truth in Real Life* is a weekly podcast about real historical figures who stood for and defended truth. These people are powerful reminders for kids to stand for truth when they're tested. Just as God helped others, He can help today's kids stand for truth too.
